Copilot.microsoft.com

Cursor- Create Application example nodejs/reactjs

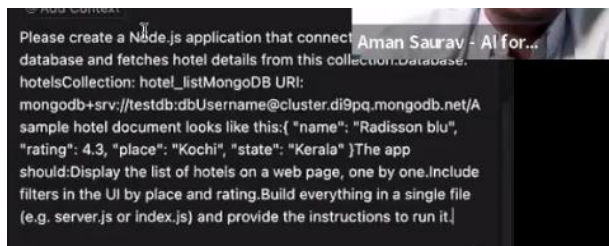

Perplexity: Preparation-interview

Grok.com- Report Research Preparation

Gamma.app: preparationof PPT

Napkin.ai: Convert Text description into image or visualization

Install merlin: chrome extension] Article: 3 bullet point.

Perplexity:

I am preparing for a Data Analyst role at Uber, and the first interview round will focus on SQL. Please provide video links to high-quality tutorials or interview preparation resources specifically on SQL for data analyst or data science interviews.
